<b>ASSESSMENT</b>	<p>The application is for a certificate of lawful use to use the site as a storage and distribution centre for 'super silent' generators and related engineering consultancy works. The site is currently used for the storage and distribution of chemicals for the agricultural industry in accordance with planning permission 2/94/0254. It is a condition of that permission that the site cannot be sold separately from the adjacent Priory Lodge.</p> <p>The applicant is a prospective purchaser of the business site and has stated in his application that he intends to also purchase the adjacent Priory Lodge to use as his own personal dwelling, thus complying with the restrictive condition. Indeed the applicant goes on to state in his application that he fully intends to comply with all the conditions from the original planning permission.</p> <p>It is considered that the case for a certificate of lawful use is proven. Both the current and proposed use are considered to fall within Class B8 of the Use Classes Order. There are no planning policy or environmental matters to consider in the granting of a lawful use certificate, therefore this application is recommended for approval.</p>

**RECOMMENDATION**

**That a certificate of lawfulness for the proposed development be granted confirming that the proposed use is within the use permitted by 2/94/0254.**
