Humber and Wolds Community Transport

This organisation runs a Voluntary Car Service for people with mobility difficulties who live in the rural area of North Lincolnshire. If you need to make an essential journey but can't use public transport and do not have a car of your own or anyone who can take you, the Car Service may be able to help.

Transport can be provided to hospitals, doctors and for other health related journeys together with visiting or shopping — anything is considered as long as there is a genuine need.

Ring the Car Service and explain your travel needs. Wherever possible, they will arrange for a volunteer driver to pick you up in their own car and take you where you need to go. The passenger pays the driver's expenses for the trip — a charge which is usually about midway between the bus fare and cost of a taxi. If you have an appointment, drivers will wait up to 1 hour 30 minutes.

The Car Service can be contacted on 01652 637700, between 9.30am and 12 noon, Monday to Friday. Please give at least 48 hours notice of your intended journey.

VOLUNTEERS WANTED!

If you would like to be a volunteer driver, the Community Transport team would like to hear from you.

Please give them a ring on (01652) 637700 or email info@hwcc.org.uk

Wheels to Work

This scheme is operated by NLC and provides 50cc and 125cc scooters available to people who have transport problems that are preventing them from taking up the offer of employment opportunities.
