

# The Great North Lincolnshire Rhyme Challenge

## Star Light Star Bright

Star light, star bright  
The first star I see tonight  
I wish I may, I wish I might  
Have the wish I dream tonight

This is a lovely calm and relaxing song to sing as part of your child's bedtime routine. Use this link for simple steps to a better night's sleep with your child:

Bath Book Bed: [www.booktrust.org.uk/supporting-you/families/bath-book-bed/](http://www.booktrust.org.uk/supporting-you/families/bath-book-bed/)

## Rhyme Challenge

Fun things to do!

Look out at the night sky, talk about what you see.  
Can you see any stars or the moon?

Other popular star rhymes you could enjoy together are...

Twinkle Twinkle Little Star.

I see the moon and the moon sees me.

Can you make a star to wave as you sing your songs?

Have fun cutting, sticking and colouring.

Talk to your child about their wishes and dreams, what would be their favourite day and what would they like to do?

A trip to the park, playing with friends, an ice cream at the seaside, going to stay with Grandma and Grandad...

Have a treasure hunt around the house looking for shiny and bright items, gold, silver, metallic...

**Great rhymers make great readers!**
