

## PEST CONTROL CHARGES 2018/19

### Domestic Pest Control

| Pest   | Non-benefit             | Benefits (*see Note 1)  | Call out (*see Note 2)  |
|--|-------------------------|-------------------------|-------------------------|
| Wasps  | £60                     | £48                     | £28                     |
| Fleas  | £60                     | £48                     | None                    |
| Ants   | £60                     | £48                     | None                    |
| Rats   | £80                     | £64                     | None                    |
| Emergency rat (running loose in a house) (Max 1 visit) | No charge (*see Note 3) | No charge (*see Note 3) | No charge (*see Note 3) |
| Mice   | £80                     | £64                     | None                    |

Note 1: People on Income Support, Jobseekers Allowance (income based only), ESA (income based only) and Pension Credit (guaranteed). Proof will be required.

Note 2: Call out charge applied where a reported Wasps nest is found to be a Bee nest or swarm.

Note 3: Only applies to domestic situations for the removal of a rat, which is literally running around inside a domestic habitable room. We will also give free advice in this situation.

### Commercial Pest Control

| Pest                   | First Hour | Additional Hours (or part of) |
