Group 1 – Born in 2019: *Baby Touch Star*

Keep baby entertained with this interactive board book from the award winning *Baby Touch* range! As they begin to interact with the world around them, babies find boldly contrasting images and distinctive shapes stimulating. They develop focusing abilities, spatial awareness and visual perception.

Group 2 - Born in 2018: *Peppa Pig: Shapes*

Learn all your shapes with Peppa. A first concept book ideal for the very youngest Peppa Pig fan.

With simple text and pictures this chunky board book is perfect for little hands.

Group 3 - Born in 2017: *Rosie's Walk*

Rosie the hen is going for a walk. But she'd better watch out – there's a sneaky fox on the prowl...

This timeless classic is the perfect combination of funny, witty, child-friendly humour and iconic retro artwork. The spare text is cleverly complemented by pictures that tell more than the words give away – ideal for building visual literacy for the very youngest readers.

Have fun talking and sharing books

Children need to talk a long time before they learn to read; sharing books is a great way to help your child's language development.

Group 4 - Born in 2016: Chapatti Moon

Mrs Kapoor and a whole host of animals and friends give chase to a cheeky chapatti in this hilarious modern take on the runaway pancake story. Follow the trail of the chapatti as it bounces and bursts through the book – where will its adventure end?

Group 5 - Born in 2015: I Can Only Draw Worms

This book is about worms. I can only draw worms.

You might think worms are boring – but you'd be wrong. These worms have INCREDIBLE adventures!

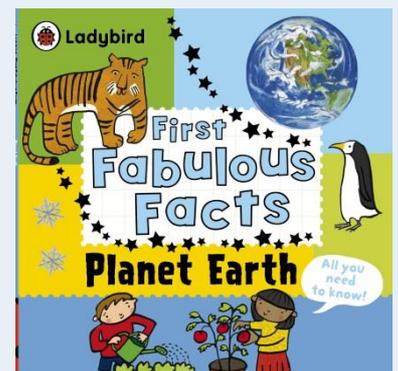

I can't draw those bits, though, so you'll have to imagine them.

A hilarious and superbly silly book that will have children in stitches and begging for more.

Group 6 – Born in 2014: First Fabulous Facts: Planet Earth

Ladybird's First Fabulous Facts is an illustrated non-fiction series for 3-5 year olds. Fun and fascinating facts engage young children and bring their favourite interests, hobbies and obsessions to life.

Planet Earth helps children understand the world around them. It looks at the concepts of land and water, climate and weather, as well as our planet's different habitats and the animals that live in them.
