

Our Poem

Here's a little something
we've written for you to hear:
We hope that you like it,
and that it spreads good cheer!

Being on lockdown is very hard,
we miss our family and friends.
As weeks go by and time moves on,
it feels like it never ends!

It's important for our country,
That we stay in and do not roam.
The advice from our government reads:
Please stay safe and stay home.

Care workers have important roles,
they keep our vulnerable safe.
Their bravery is second to none,
and we think that they are GREAT!

Through all this darkness,
shines the brightest of lights.
The amazing helpers in our community,
will help us win this fight.

On Thursdays we show gratitude,
when we stand outside and clap.
Hitting pans and making noise,
proud that we're all fighting back.

Children coloured rainbows,
on display for all to see.
For those out for their exercise,
a smile supplied for free.

During these times of hardship,
it's important to be kind.
Remember whether friend or neighbour,
We're all on the same side.

When we win this battle,
and gain the victory,
COVID-19 will be known only,
as a matter of history!

The human race,
standing united, together,
not just today,
but now and forever.

Thank you North Lincolnshire
