Children born in 2018

This month you will receive one of these books.

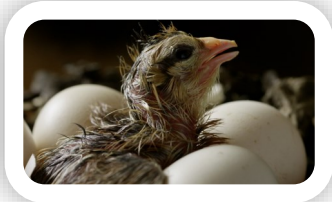

Peely Wally was a small bird who lived high up in a tree . . . One day she laid an egg . . . Follow the dotted line and see where the egg goes! With lots of animals to spot and talk about and a butterfly to find on each page. Don't miss the special surprise at the end!

Meg's spells continue to surprise her and the eggs she makes for supper are even more strange than usual. Before she can cook them they start to hatch, and out come . . . DINOSAURS!

Watch a chick hatch out of it's egg: BBC Two - Natural World, Attenborough's Wonder of Eggs, Breaking Free

## Peely Wally and Meg's Eggs Fun things to do!

**Feed the birds.** Talk about looking after the birds in the cold autumn and winter months. Name the birds you see. This is a great way to support your child to look carefully and learn new words. Use this garden bird spotter from the Wild Life Trust to help:
