

BUSY DAY

by Ladybird

Have fun with your baby exploring the colourful pages and making different noises, from 'beep, beep' and 'ding-dong' to learning to say 'hello'.

Musical Instruments

Make 'musical instruments' and sound makers using things you have at home - an empty bottle filled with rice makes a great shaker.

Go on a sound walk with your baby.

Walk around the house with your baby and listen out for noises such as the washing machine, or a clock ticking.

Did you know that helping your child tune in to everyday sounds helps them later in life when learning different letter sounds?

Noisy Play

All sorts of everyday household objects can make sounds that are fascinating to babies.

Why not try some noisy play, describe all the sounds you make together to introduce them to new words. All sorts of things can be used for noisy sensory play, whether it's a noisy toy, bells, pots and pans, alarm clocks or even just some nice rippable, scrunchable newspaper.

The Wheels on the Bus

The wheels on the bus go round and round, round and round, round and round.

The wheels on the bus go round and round, all day long.

The wipers on the bus go swish, swish, swish, swish, swish, swish, swish, swish.

The wipers on the bus go swish, swish, swish, all day long.

The horn on the bus goes beep, beep, beep, beep, beep, beep, beep, beep.

The horn on the bus goes beep, beep, beep, all day long.
