

# LION VS RABBIT

by Alex Latimer

Lion is very, very mean to all the other animals. Who can stop him? Surely not one tiny rabbit?

Can you find all the rabbits on each page? Look carefully to spot where they are hiding. As the rabbits leave on the boat - count how many rabbits have been helping to stop lion being mean to the other animals.

## Find out about lions

The book tells us that lions are fast and can run up to 90 kilometres in an hour. They are heavy and can weigh up to 803 kg.

Can you find out some more facts about lions?

## Craft Time

Make a lion mask. Use a paper plate, a lolly stick and orange wool or strips of paper for a mane.

## Sleeping Bunnies Song

(your child could pretend to be a bunny and follow the instructions as you sing the song)

*See the little bunnies sleeping 'til it's nearly noon,  
shall we wake them with a merry tune?  
They're so still, are they ill?  
No! Wake up bunnies!  
Hop little bunnies, hop, hop, hop.  
Hop little bunnies, hop, hop, hop.  
Hop little bunnies, hop, hop, hop.  
Hop little bunnies, hop and stop.*
