

ONE TO TEN AND BACK AGAIN

by Nick Sharratt and Sue Heap

A wonderful and unique picture book that looks at counting and friendship. Sue and Nick introduce us to their favourite things from one boy and one girl to ten cakes for tea. Even though they like different things, they are still best friends.

Talk together about what your favourite things are.

Pairing Socks

Pairing socks together is a great way to boost your child's communication skills - and it makes sorting washing more fun!

When do children learn to count?

Your child is learning new things every day. Just as you can help them with their language and reading, there are also ways you can boost your preschooler's number skills.

Watch this short video clip to find out more.

Ten in the Bed

*There were ten in the bed and the little one said,
'Roll over, roll over!'
So they all rolled over and one fell out...
There were nine in the bed and the little one said...
Repeat all the way down to one...
There was one in the bed and the little one said,
'Good night!'*

You could change this to 'Five in the Bed' to shorten the song. Use fingers or toes to support counting as you sing.
